givejedahand #CAMH CEO Catherine Zahn - #OscarWilde hypothesized a #sphinx without a secret - but with her #stupid #bromides about #modelsuites and #neweras for #mentalhealth while the actual healthcare #stinks and CAMH isn't even a #competent hospital any more - she's a sphinx without a #brain or a heart either. Behold the monuments of CAMH #Psychiatry! Not since #Ozymandias has there been such #buttugly #shit - Uncle Paul Garfinkel's #urbanvillage is #TheCompound in a concrete #condo #wasteland while we go crazy in the #streetsoftoronto for #streetphotography. So how does Catherine keep her million dollar job?! Ah, this sphinx has a secret after all! It's #CTV #Denstsubos #Belletstalk #Aimia #TVO #CBC #TO star etc etc etc - O and let's not forget #CAMHFOUNDATION!
